- Stick to the detailed Covid-Measures which will be sent to you after the registration deadline
- Bring the signed Covid-Documents which will be sent to you after the registration deadline
- The competition is going to be without spectators. Further regulations (warm-up procedure, watching the competition as an athlete,...) will be discussed during the online Technical Meeting.

Sars-Cov-2 Test / Vaccination / Antibodies:

All athletes, coaches, officials and staff are required to:

- Have a valid, negative Sars-Cov-2-Test result (in German or English language) at all times during the event. PCR or official antigen rapid tests are allowed, **NO SELF-TESTS**. Rapid-Antigen Tests have a validity of 48 hours and PCR Tests have a validity of 72 hours.
- OR show a certificate of antibodies (English or German language) not older than **3 months**.
- OR be vaccinated and bring a vaccination certificate.

Vaccinated means that you **a)** got your first vaccination 22 days before the first day of the event but no longer than three months ago or **b)** already received a full immunisation. The following vaccines are accepted in Austria: BioNtech/Pfizer, AstraZeneca, Janssen, Moderna, Sinopharm. **If you received a different vaccine you will need to be tested at all times.**

The vaccination certificate can be the stamp + date which you receive in your vaccination pass or a certificate written by a doctor in English or German which confirms that you got your vaccine.

Your test / vaccination / anti-body certificates will be checked right before entering the warm-up area at the check-in desk. Your test needs to be renewed after it expires so it is valid throughout the event. You are responsible for getting a test on your own.
