SUSTAINABILITY CONSIDERATIONS

VENUE

No temporary infrastructure needs to be built to host the EYC Graz 2023. Only existing walls and buildings will be used to facilitate the event. In general, Bloc House Graz takes sustainability actions very seriously and tries to implement a “green way of thinking” in all areas of their everyday business and also into the organisation of events.

TRANSPORT

The city of Graz has a very dense and well-functioning network of public transportation. We ask you to use sustainable mobility as best as possible, e.g. bus, train, bike, e-car sharing and rental. All necessary information can be found here:

- Information about bus and tram connections: [Route Planner by Graz Holding](#)
