## SUSTAINABILITY CONSIDERATIONS

**Transport:** According to the Sustainable Urban Mobility Plan of the Lublin Metropolitan Area (PZMM LOM), the city public transport system offers 58 bus and 13 trolleybus lines that provide convenient communication and transport to all urban districts and nearby locations. Public transport is mostly operated by electric and hybrid vehicles. All buses and trolleybuses are adapted to transport disabled people and equipped with passenger space monitoring, air conditioning, and internal LCD boards. In the period from spring to autumn, the city provides access to the Lublin City Bike and electric scooters rentals. All urban traffic is controlled by Intelligent Transport Systems (ITS), innovations introduced in European cities to improve traffic flow, as well as reduce noise levels and exhaust emissions. They not only provide greater comfort while using public transport or individual vehicles, but also make life in the city much safer and cheaper.

**Venue:** No temporary infrastructure needs to be built in order to host the ECS Lublin 2024. To facilitate the event, only existing buildings will be used. In general, SKW Kotłownia takes sustainability actions very seriously and tries to implement a “green way of thinking” in all areas of their everyday business, allowing for the organisation of events. The venue has solar heating and photovoltaic panels. Additionally, 80% of the illumination will be led lamp.

**Food and drinks:** There are many restaurants in the area serving Polish, Chinese and Italian cuisine. A bar with hot drinks, vegetarian and vegan dishes will be available at the venue. Water will be provided for competitors.

## TRAVEL DETAILS

**Visa:** If you need VISA, please get in contact with the Polish Mountaineering Association (mail to: [biuro@pza.org.pl](mailto:biuro@pza.org.pl)). Provide us data: first, last name, birth date, nationality, passport number, expiration date, address, occupation, place of visa application.

### How to get to Lublin:

By car: Lublin is located off highway S17 and easy to get to: about 2 hour from Warsaw, 4 hours from Krakow. Google map: <https://t.ly/yUImj>

Railway station is well connected to all major Polish and European cities. National and international trains may be booked through: <https://www.pkp.pl/en> <https://www.intercity.pl/en/>

By plane: The closest airports to Lublin:

- Lublin Airport (LUZ) – 15 km
- Warsaw Chopin Airport (WAW) – 176 km
- Warsaw Modlin Airport (WMI) – 211 km
- Rzeszów Airport (RZE) – 170 km
- Krakow Airport (KRK) – 348 km
- Katowice Airport (KTW) – 436 km

Airports are directly connected with most of the main European cities, also via low-cost airlines.

### ACCOMODATION

Since many hotels are located in the city center (ca.2-3 km away from the venue), the venue can be reached both by public transport (buses, trolleybuses or electric Bolt) as well as a 15-20-minute walk.
