## 12. ANTI DOPING EDUCATION

The IFSC strongly believe that athletes' first approach to anti-doping should be via education and not via testing. All athletes start their career clean and the role of sports organisations is to help them remain as such. As part of IFSC Anti-doping education plan, the IFSC invites athletes and coaches to take part to a 2-days activities aimed at promoting clean sport in youth athletes.

The activities will include a 60-minute presentation (**28 August at 16:00 – Official Hotel**) and an education booth over the following day (29 August). All activities are delivered by ITA Education Ambassador, Janice Lyn.
