SUSTAINABILITY CONSIDERATIONS

- **Transport:** The event is taking place in the city centre, and Brussels has excellent public transport links. It's very easy to get to the event by public transport from Brussels-South railway station (Gare du Midi), and once you're on site, we recommend that you use public transport, bikes, or scooters. Bike parking is available in the gym hall for athletes.
- **Accommodation:** There are plenty of accommodation options close to the venue. Don't hesitate to look for accommodation close to tram lines 07 and 25. This will make it easier for you to get here by public transport.
- **Food:** There will be food-trucks for the public, providing locally produced food, only vegetarian. If teams would like to reserve locally produced healthy lunches, depending on capacity and demand, they can contact hello@lecampdebase.be before April 15th. We will confirm availability before April 24th.
- **At the venue:** We invite all teams to bring their own bottles and to exclude single use plastics. Water fountains will be accessible to all. Garbage is sorted and recycled so please respect the different garbage bins.
