SUSTAINABILITY CONSIDERATIONS

VENUE

For the EYC / EC Speed St. Pölten 2025 only existing walls and buildings will be used to facilitate the international teams. In general, the organisers take sustainability actions very seriously and try to implement a “green way of thinking” in all areas of their everyday business and also into the organisation of events. Other than the small climbing wall indoors to warm up, there is a Boulder gym “Boulderhalle Kraftwerk” about 10-15 minutes away by car. If you wish to use this facility to warm up, please contact Lisa Dorweking via email in advance.

TRANSPORT

The city of St. Pölten has a well-functioning network of public transportation and you can also reach a lot of points of interest by foot. We ask you to use sustainable mobility as best as possible, e.g. bus, train, bike etc.

All necessary information can be found here:

- General information on mobility in St. Pölten: [St.Pölten website-transport](#)
- Information about bus and tram connections: [Route Planner by VOR](#)
