7. Sustainability Considerations

7.1. Venue

No temporary infrastructure needs to be built to host the World Climbing European Youth Series Dornbirn 2026. Only existing walls and buildings will be used to facilitate the event. In general, Austria Climbing Vorarlberg takes sustainability actions very seriously and tries to implement a “green way of thinking” in all areas of their everyday business and also into the organisation of events.

7.2. Transport

The city of Dornbirn has a well-functioning network of public transportation.

We ask you to use sustainable mobility as best as possible, e.g. bus, train, bike, e-car sharing and rental. All necessary information can be found here:
